PPE

Personal Protective Equipment

Personal Protective Equipment currently forms an essential aspect of your workforce returning to work and is likely to continue for some time.

Protective masks and disposable gloves help to protect employees from contamination both in the workspace environment and travelling to and from work.

Disposable nitrile gloves

Soft, durable and latex-free, nitrile gloves are ideal for people with potential latex reactions. Our gloves are made from high-quality nitrile polymer, providing optimum protection and comfort.

- › Non-powdered
- › Blue colour
- › Certificates EN 455-1:2000, EN 455-2:2015

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)

DNG-XLG100/10	X-Large nitrile gloves	10 packs (1000 gloves)	209.90

Protective Type IIR face masks

Our surgical Type IIR face masks are used to contain infected droplets and also contribute to protecting the user from airborne droplets and splashes. Masks are pleat style with ear loops.

The Type IIR mask is a 3-ply mask for use in medical and non-medical environments. This mask is for single use purposes only and is disposable. The mask is non-fitted and provides splash resistance, and contributes towards protection against harmful particles and droplets from entering the nose and mouth.

- › Blue colour
- › Size: 178mm x 95mm (pleated) +/- 5mm.
- › 3-ply, non-woven polypropylene material – 100% latex & glass fibre free
- › Integral nose plastic coated strip with anti-fogging nose piece
- › Elasticated ear loops
- › Lightweight & comfortable
- › CE Marked, EN 14683:2019, ISO 13485:2016

SFM-IIR/50	Surgical 3 ply Type IIR face masks	50/pack	59.50

Hand cleansing

Alcohol gel

Clean, care and protect your hands with our sanitising hand gel, with effective alcohol formulation. Alcohol destroys disease-causing agents and pathogens by breaking apart proteins, splitting cells into pieces and disarranging the cell's metabolism.

The NHS, Public Health England and World Health Organisation advise that hand sanitiser needs at least 60% alcohol content to be effective. Our hand sanitiser gels are all 66% alcohol formulation or above.

All alcohol based hand gel is flammable. Please take precautions.

150ml / 500ml hand sanitiser gel
80% alcohol

- › NHS approved & WHO recommended 80% alcohol formulation
- › No-rinse, hygienic
- › Suitable for frequent use

From only £4.99 each

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)

Vandal-proof design
 adapts to any bottles with
 a push-in dispenser top
 Max. diameter 110mm
 Max. height: 300mm

Durable and robust
 Sturdy and stable

Can be used
 indoors or
 outdoors

100% mechanical
 No mains power or
 batteries required

This unique dispenser design allows application of hand sanitiser without the risk of cross contamination through direct contact with hands.

The sturdy stainless steel pillar is completely freestanding and can be easily installed anywhere - either indoors or outdoors beside a building entrance.

The robust base has been designed to be secured to the ground if required to avoid vandalism, plus the smart dispenser design makes refilling easy but keeps the sanitiser from being tampered with.

No direct contact with hands
 Pedal operation avoids hands
 becoming contaminated
